An initiative of the Tylers and Bricklayers Company

Introduction by David Szymanski, Master, Tylers and Bricklayers 2016/17

It is with great pleasure that I write the introduction to the Masters Picture Book.

Although more obviously linked to practical trades and crafts, the Tylers and Bricklayers do have wider skills and are delighted to have provided this significant innovation for the Livery movement.

The picture book provides an extremely useful reference document, and helps everyone associated with the Livery Companies to put a name to a face, or vice versa.

The Tylers and Bricklayers have recently celebrated 600 years since our first Master and will be celebrating again in 2018, the 450th anniversary of our Charter. We are very proud to have such a long and active history, and we intend to continue with this tradition.

The Tylers and Bricklayers have recently celebrated our 600 years since our first Master with a concert attended by Masters of over 50 of our fellow Livery Companies. Our long tradition sits with considerable recent innovation in our governance, our charitable giving, our links with our three trades, and the opportunities we offer to our liverymen and freemen. We are very proud to have such a long and active history and we intend to continue building constructively on our long tradition to maintain our position and relevance in the modern world.

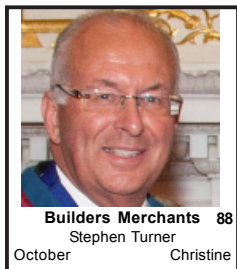

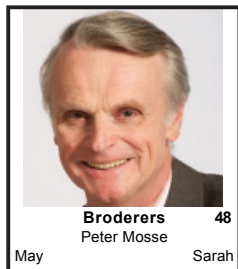

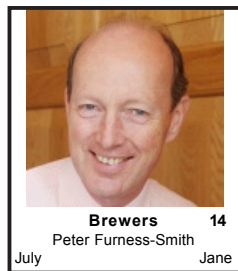

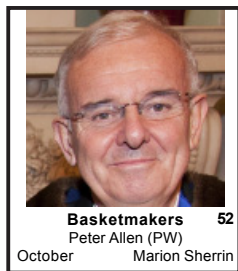

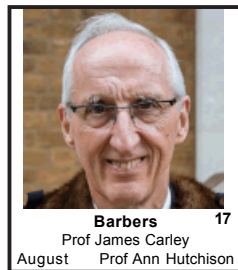

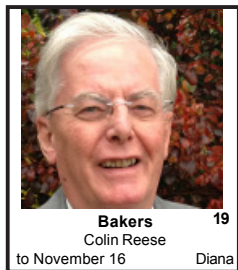

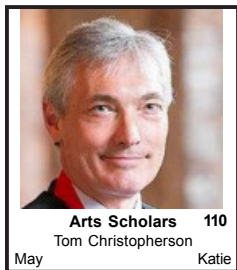

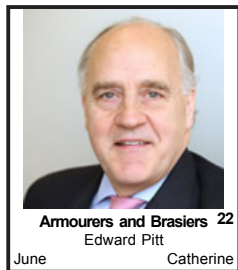

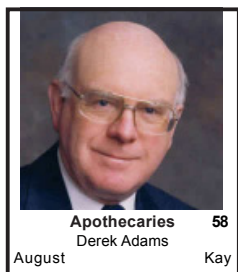

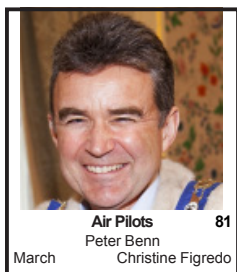

With best wishes,

David Szymanski

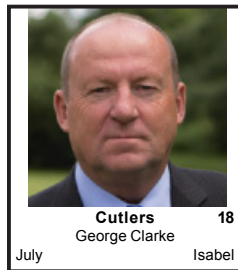

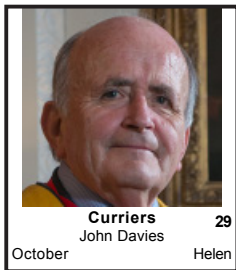

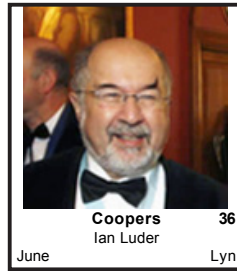

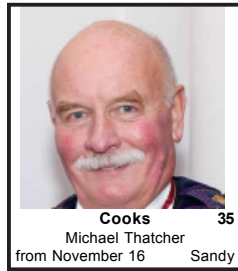

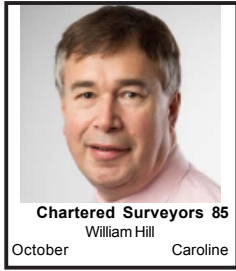

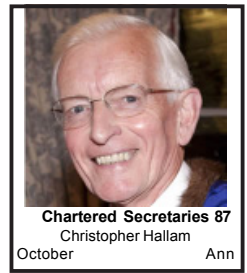

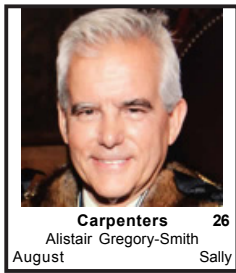

Master
